

Hunting and Fishing Conversion

Assignment: Convert this Sprinter 144 4x4 into a luxury hunting and fishing van that can be used to comfortably live off-grid for several days at a time.

"I was fortunate enough to find one of the very few new 4X4 Sprinters available nationwide. Bought the van and took it to Land Yacht Motor Werks with a specific upfit plan in mind. Michael Alpha and his extraordinarily talented crew of specialists were able to design, create, and craft an approach that provided ALL the elements I desired and required."

Exterior options include powder coated roof deck, ladder, and blackout rims, upgraded on/off road tires, heated water tanks and lines, side steps, 360° camera system and shore power.

Upholstery Upgrades

"Their build addressed my need for a fully complete and self-contained Class B (bathing, toilet, cooking and sleeping capabilities) that accommodated my passions for North American travel, fly fishing, and upland bird hunting."

"The engineering effort was challenging to say the least, given the short wheelbase model. Land Yacht put together an innovative and remarkable design that exceeded my expectations."

- Ultraleather seats
- Custom seat contouring
- Leather wrap steering wheel
- Leather wrap grab handles
- Custom raised armrests
- Door panel upgrades
- Wool carpet
- Sun visors
- Cabin side panels
- Cabin columns
- Window frames
- Headliner

Power Package

- 3,000W pure sine wave inverter
- House battery bank (4 AGM)
- Shore power
- VAC/USB outlets throughout
- VAC/VDC breaker panel
- Battery level meter
- Custom storage area above cockpit

"The quality of the materials incorporated in their build is far superior to those of any of the 'big name' competitors with whom I checked before choosing an upfitter, i.e., marine grade aluminum framing, insulation, electronics, power supply/regulation, etc."

Shower

Custom indoor shower
 Wraparound shower curtain
 Handheld shower kit
 Exterior shower outlet
 Removable cartridge toilet

"So far, I've driven the Uplander across the U.S. on the 'Lost Highway', into the Rockies/Ozarks/Sierras fly fishing, up to NE/OK/KS on hunting trips, and throughout the Southwest on leisure excursions. Everywhere I go, it draws attention. People stop me at traffic lights, in fuel stations, at restaurants, and even snap pictures as we're cruising the highways. It's a 'stealthy' eye-catcher and a one-of-a-kind design/build."

Water Heater

4.2 gallon water heater
 Fresh & gray water tanks
 Heated tanks and lines for subfreezing weather
 Stainless sink & vanity

Kitchen

Microwave oven
Mini fridge
Induction stove
Vanity cabinet
Sink - hot and cold water
Custom countertop

Furnishings

3-person bench to bunk
Bench leg lifts to bed
2-person bench
Storage locker
Overhead tambour cabinet
Hidden gun & rifle safe

Features

Ceramic window tint
Window shade kit
Bug screens
Ceiling & roof deck lights
750W stereo amplifier
Speaker upgrade

"Land Yacht's service after the sale is exemplary, as well. Any minor tweaks needed were promptly addressed to my complete satisfaction. Bottom line: I couldn't be happier with the result and I endorse and recommend Land Yacht Motor Werks without hesitation."
