Eleven Person Vacation Conversion

Assignment: Our client asked us, "Can you build a van in time for my family's preplanned vacation? Convince me not to buy a plane." We took on the challenge and finished stage one before the vacation, then built out the rest after he got back.

Our client chose the earth tones of tan and black because he is the director of a hematite mining company.

Cabin View

Custom Door Panels

Custom Privacy Curtains

Back Seating & Storage

Interior Features

- Vinyl flooring

Custom Wrapped Exterior

Upgraded Competitor Van

Assignment: Mod this Sprinter 170 competitor conversion with custom reupholstery throughout, upgraded TV's, a simplified electrical system, and some other new items like custom pillows and a cockpit console.

Complicated electrical and electronic systems are just no good if you can't figure out how to use them. Land Yacht is known for our simple and user friendly electrical systems. We are often asked by our clients who own competitor vans to take them and strip out all the van's electrical/electronic systems and replace them with our own simple to use designs.

Retiree's Family Travel Build

Assignment: Turn this Sprinter 170 EXT into a retiree's family travel build with space to bring along their four dogs. Last we heard, they were attending a family wedding in the Northeast United States.

Our clients love to take their pets along, so Land Yacht often designs a custom kennel space for the pets and/or the clients' specific animal cages. This goes for family pets as well as work animals such as rescue dogs.

Kitchen

- Stainless sink with faucet
- Chop block counter tops
- Chop block sink cover
- Pop up and pull out side table
- Microwave and mini fridge
- Custom cabinets
- Floor lighting under cabinets
- Window curtains

Cargo Area

- Custom logo panels
- Custom partitions & straps
- Synthetic turf
- Yeti cooler

Wrapped Exterior Back View

K-9 Rescue Unit Conversion

Assignment: Turn this Sprinter 170 EXT into a K-9 rescue unit used to find human cadavers after natural disasters. Our client uses three trained cadaver finding dogs to seek out the bodies and report them to law enforcement. The van is then used to transport the cadavers to their new location.

Our client tracks her “cadaver dogs” with a drone that flies overhead. The drone’s camera helps locate the bodies that the dogs sniff out.

RV Party Van

Assignment: Convert this Sprinter 170 EXT into an RV party van used for entertaining up to fourteen people.

The RV Party van lives up to its name with its interior ambient lighting and big screen entertainment. It was nicknamed "The Batmobile" because of its awesome front bull bumper.

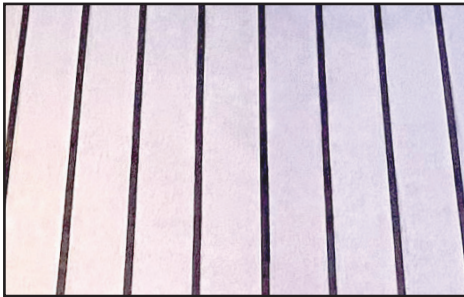

Features

- Accent lighting
- Ceramic tinted windows
- Custom upper storage area
- Custom sound system
- Swivel captain's chairs
- Four person benches (2)
- Custom marine grade flooring
- Roof deck & mounting rack
- Bull bumper

Mountain Climber's Conversion

Assignment: Turn this Sprinter 170 4X4 into a luxury traveling conversion that can be used for mountain climbing excursions. Our client has already scaled parts of Mount Everest, and plans to climb the tallest mountain in Colorado, Mount Elbert. With a full RV build, pop up windows, and a Starlink satellite receiver, our client is ready to climb the highest peaks.

Mount Elbert, the highest mountain in Colorado, stands at 14,440 feet tall. It is located southwest of Leadville in the White River National Forest. Mount Elbert is popular with tourists because of its "false peaks" that are used for drive-by scenic views.

Features

- Pop up windows
- Maxxair ventilation fan
- Custom shower
- Happijac elevator bed
- Two benches (convert to bed)
- Removable Leguna table
- Hot water heater
- Ceramic window tint

Rock and Roll Touring Conversion

Assignment: Turn this Sprinter 170 4X4 into a rock and roll touring transporter. Our client has a four-person band including a singer, a guitar player, a bass player, and a drummer that tour around the world. This tour bus includes a high end sound system with a powerful woofer mounted in the ten person couch to play their rock and roll music on the road.

The band, known as Engineered Society Project, just recorded a new album. They are currently touring in Europe backing up some other well known heavy metal groups.

Luxury Off Road Tailgating Conversion

Assignment: Turn this Sprinter 170 4X4 into a family travel and tailgating van with all the conveniences of an RV. Our client's family often visits their son up North who is a professional ice hockey player. This makes good use of the tailgating features that include a rear facing large flat screen TV viewable from the outside.

Exterior features include a custom roof deck, flood lights, a power awning, steps, and a powder coated exterior which provides superior protection from the elements.

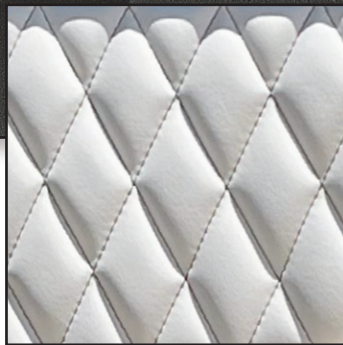

Features

- Four person bench
- Bench converts to a bed
- Four captain's chairs
- Removable Leguna table
- Wine rack
- Pop up work station

Sports Travel Conversion

Assignment: Convert this Sprinter 144 4x4 into a luxury sports travel van for transporting the kids and their team to and from their tennis matches. In addition, the client is an alumni of Kansas University and desired a motif to match his alma mater.

Clients often want to incorporate a motif from their school or sports team. In this case, the Kansas University motif was used in several ways including pillows, headrests, throw rugs, and even a blow horn under the hood that would play the Kansas University team's musical cheers and chants.

Furnishings

- Four captains chairs
- A four-person bench
- Custom upholstered pillows
- Custom upholstered rug
- Kid's sleeper bunk
- Center console with gun safe

Sports Closet

- Tennis gear racks
- Clothes hanger compartment
- Storage compartments
- Astro turf

AstroTurf

Four-Camera Security System

Kid's Sleeper Bunk and Four-Person Bench

The Brain Lab Build

Assignment: Turn this Sprinter 170 EXT into a mobile medical van that facilitates therapeutic brain scanning and diagnostics.

Land Yacht has outfitted several mobile businesses that include flower delivery, professional sports transport, medical, facial and beauty, photography and many others. Whatever your mobile or mobile boutique business idea is, Land Yacht can help you make it happen.

“Land Yacht’s Brain Lab build is the third addition to the company’s mobile fleet. The brain scanning devices are used to improve memory, alertness, concentration, and sleep disorders using magnetic fields to stimulate specific areas.”

"The proprietary recliner was provided by the client along with the brain scanner, monitor, and controller."

Furnishings

Proprietary Examination Recliner
Upholstered Walls and Ceiling
Laminate Wood Flooring
Custom Cabinets

High Definition TV

Four-way Video Camera

Electronics Package

Proprietary Medical Monitor & Scanner

- Air Conditioner
- Steps

Rear Bumper Step

Driver Door Step

Sliding Door Step

Other Features

- Overhead LED Lighting
- Floor LED Lighting
- Hot Water Heater
- VAC/USB Outlets Throughout

Overhead Lighting

Oil Recovery Conversion

Assignment: Convert this Sprinter 170 EXT into a mobile command center for enhanced oil recovery. The Sprinter will be stationed on location at oil and gas recovery fields.

Enhanced oil recovery (abbreviated EOR), also called tertiary recovery, is the extraction of crude oil from an oil field that cannot be extracted otherwise. EOR can extract 30% to 60% or more of a reservoir's oil, compared to 20% to 40% using primary and secondary recovery.

The Sprinter 170 EXT can be connected to as many as forty Cat 5 communication cables that are used to monitor instruments that control recovery of oil at otherwise depleted wells. Instruments monitoring pressure and fluid levels transmit the data back to the command center where the readings are recorded and analyzed.

Command Center Interior

Power Controls

Back of Cabin

Features

- LED lighting
- Roof mount air conditioner
- 110 VAC/USB outlets throughout
- 5,000W pure sine wave inverter
- Shore power
- House battery bank (5,000W)
- Hard Rubber Flooring
- Porthole windows
- Padded interior

Land Yacht has designed and built Sprinters for many different commercial applications and mobile businesses. Our designs are totally custom built to our clients specific needs and specifications

Porthole Windows and Battery Box

Ten Seat Transporter

Assignment: Convert this Sprinter 170 EXT into a transporter that can seat up to ten.

Our client operates a shuttle service out of College Station, TX. Their fleet of Sprinters surrounds the region and includes shuttle services to and from the Houston airports.

Custom Upholstered Seats Throughout

Furnishings

- Custom upholstered captain's chairs
- Nine reclining captain's chairs in cabin
- Custom cup holders for each passenger
- Custom laminate flooring
- Luggage compartment in rear

Features

- Full insulation package (thermal & sound)
- Driver's, cabin, and back steps
- Roof mount air conditioner
- 110 VAC/USB outlets throughout
- USB chargers throughout
- 5,000W pure sine wave inverter
- Ceramic tinted windows
- Directional and fixed LED lighting

Reclining Captain's Chair

Custom Cup Holders, Power Outlets & Phone Chargers

Cabin Steps

Cargo and Luggage Area

Hunting and Fishing Conversion

Assignment: Convert this Sprinter 144 4x4 into a luxury hunting and fishing van that can be used to comfortably live off-grid for several days at a time.

"I was fortunate enough to find one of the very few new 4X4 Sprinters available nationwide. Bought the van and took it to Land Yacht Motor Werks with a specific upfit plan in mind. Michael Alpha and his extraordinarily talented crew of specialists were able to design, create, and craft an approach that provided ALL the elements I desired and required."

Exterior options include powder coated roof deck, ladder, and blackout rims, upgraded on/off road tires, heated water tanks and lines, side steps, 360° camera system and shore power.

Upholstery Upgrades

"Their build addressed my need for a fully complete and self-contained Class B (bathing, toilet, cooking and sleeping capabilities) that accommodated my passions for North American travel, fly fishing, and upland bird hunting."

"The engineering effort was challenging to say the least, given the short wheelbase model. Land Yacht put together an innovative and remarkable design that exceeded my expectations."

- Ultraleather seats
- Custom seat contouring
- Leather wrap steering wheel
- Leather wrap grab handles
- Custom raised armrests
- Door panel upgrades
- Wool carpet
- Sun visors
- Cabin side panels
- Cabin columns
- Window frames
- Headliner

Power Package

- 3,000W pure sine wave inverter
- House battery bank (4 AGM)
- Shore power
- VAC/USB outlets throughout
- VAC/VDC breaker panel
- Battery level meter
- Custom storage area above cockpit

"The quality of the materials incorporated in their build is far superior to those of any of the 'big name' competitors with whom I checked before choosing an upfitter, i.e., marine grade aluminum framing, insulation, electronics, power supply/regulation, etc."

Shower

Custom indoor shower
Wraparound shower curtain
Handheld shower kit
Exterior shower outlet
Removable cartridge toilet

"So far, I've driven the Uplander across the U.S. on the 'Lost Highway', into the Rockies/Ozarks/Sierras fly fishing, up to NE/OK/KS on hunting trips, and throughout the Southwest on leisure excursions. Everywhere I go, it draws attention. People stop me at traffic lights, in fuel stations, at restaurants, and even snap pictures as we're cruising the highways. It's a 'stealthy' eye-catcher and a one-of-a-kind design/build."

Water Heater

4.2 gallon water heater
Fresh & gray water tanks
Heated tanks and lines
for subfreezing weather
Stainless sink & vanity

Kitchen

- Microwave oven

- Ceiling & roof deck lights
- 750W stereo amplifier
- Speaker upgrade

"Land Yacht's service after the sale is exemplary, as well. Any minor tweaks needed were promptly addressed to my complete satisfaction. Bottom line: I couldn't be happier with the result and I endorse and recommend Land Yacht Motor Werks without hesitation."

Michael Pruitt

Luxury Traveling Conversion

Assignment: For a professional couple that wants to travel with their pets, convert this Sprinter 144 into a luxury transport that can provide comfortable sleeping arrangements, with all the bells and whistles, and keep their three parrots and four dogs happy on long road trips.

"We've taken hundreds of road trips over the years. Our 'Land Shark' is the most comfortable vehicle we've ever traveled in."

"After our inaugural 1,200 mile trip, we stepped out of our van saying that those upgraded seats were the best thing we ever did!"

Upholstery Upgrades

- Ultraleather seats
- Custom seat contouring
- Leather wrap steering wheel
- Leather wrap grab handles
- Custom raised armrests
- Door panel upgrades
- Wool carpet
- Sun visors
- Cabin side panels
- Cabin columns
- Window frames
- Headliner
- Leather privacy curtains
- Wheelwell covers

Furnishings

- Queen size elevated bed
- Custom 4" memory foam mattress
- Lighted luggage area under bed
- Custom shelf for bird cages
- Elevated floor for dog cages
- Storage cabinet with two drawers

Wool floor mats and carpeting

"Easy to drive. Easy to ride in.
Easy to oversleep in the comfortable bed, which we did!
All around perfect vehicle."

Mac & Cathy Nash

Custom upholstered YETI cooler

- House battery bank (2 AGM)
- VAC/USB outlets throughout
- 360° camera system
- Cell phone signal booster
- Directional LED reading lamps
- Ceiling LED lighting

Disaster Response Tailgater Combo

Assignment: With inspiration from back-to-back Houston hurricanes, convert this Sprinter 172 EXT 4x4 into a mobile disaster relief vehicle to be used for rescue and passing out food and drinks to emergency responders. And, when not being used for those more altruistic purposes, complete the outfit for use as a corporate tailgater.

Kitchenette

- Piano black cabinet with sink
- Microwave oven
- Compact sliding drawer refrigerator
- Custom coolers

Power & Electronics Package

- 5,000W pure sine wave inverter
- House battery bank (4 each AGM)
- Aftermarket roof mounted air conditioner
- Remote cabin air conditioner control
- VAC/USB outlets throughout
- 360° video system
- Satellite TV with 2 DISH receivers
- Two ceiling mounted dropdown LED TVs
- Interior and exterior HDMI video outputs (4)
- Floor accent LED lighting
- Ceiling LED lighting

- HDMI video port

Other Features

- Ceramic window tint
- 750W stereo amplifier
- Speaker upgrade
- Custom cup holders
- Wool carpet
- Custom pillows
- Swivel front seats

Golfer's Touring Van

Assignment: Our client's two sons travel the country playing golf tournaments, so the assignment was to create a conversion that would accommodate up to six golfers with all their bags and gear. A mobile satellite was also required so that the riders could watch the Golf Channel while on the road.

After delivery, the van's first stop was the National Women's Amateur event in Austin. It was an instant hit drawing the attention of many women who said, "We want a Land Yacht!"

The Golf Channel was a must for this package. Land Yacht uses a mobile satellite antenna and the client's choice of satellite receiver.

Captain's seats recline and legs lift and extend. Time for a nap or just relax.

Electronics Package

- Satellite TV with DISH receiver
- 42" flat screen LED TV
- 360° video system with recording
- 750W stereo amplifier
- Speaker upgrade

Directional ceiling LED lighting and floor accent LED Lighting

Furnishings

Four captain's chairs
recline, leg lift and extension
Custom golf bag and gear lockers
Bench to bunk bed

Upholstery Upgrades

Ultraleather seats
Custom seat contouring
Leather wrap grab handles
Custom raised armrests
Door panel upgrades
Sun visor wrap
Cabin side panels
Cabin columns
Walls and window frames
Suede headliner

Custom locker cabinets.
Yes, the bags and gear are Photo-
shopped, but all the rest is real.

Power Package

2,000W pure sine wave inverter
House battery bank (2 each AGM)
VAC/USB outlets throughout

The owner said the Land Yacht rides better and quieter than his Airstream, and it is also able to handle wind gusts better.

Custom cup holders

Attention to detail is a Land Yacht trademark.

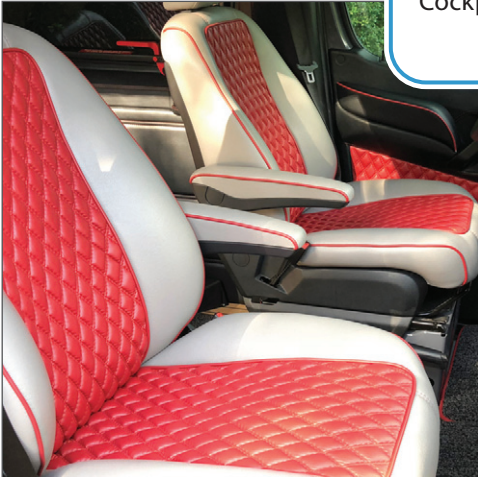

Other Features

- Ceramic window tint
- Insulation package
- Custom cup holders
- Wool carpeting

Wool carpeting

Cockpit upgrade package is a Land Yacht classic.

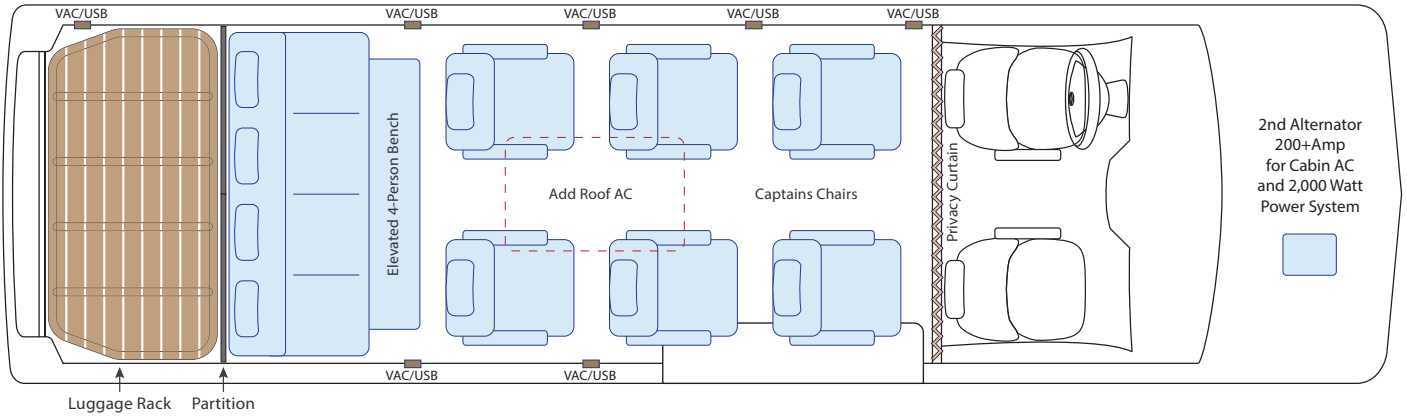

Red and white Ultraleather reupholstered seats with added Tempur-pedic foam support make the ride seem more like a Cadillac than a cargo van.
